Day 13 14	PM	PADI EXAMS !!!!
Day 15 16	AM	Specialties, MSDT Prep course

Course Activities

1. General Diving Knowledge

You will be given a diving examination on the five topics mentioned in the IDC Curriculum. If any weaknesses are ascertained then individual self-study can be recommended and additional time spent, if available.

2. Academic Modules

There will be 21 Academic Presentations given by your Course Director throughout the course. The topics of these presentations are set out in the IDC Curriculum.

3. Orientation to Academic Teaching (Class room)

You will be taken through a workshop situation on PADI's Academic Teaching and Throughout the course will be performing a minimum of 4 Academic presentations. You will be evaluated on each of these presentations. After each evaluation you will be given your score and the Course Director will then point out where you could improve and what the PADI evaluators will be looking for.

4. Orientation to Confined Water Teaching (Pool)

You will be shown how to conduct a confined water presentation. In this section you will learn the most commonly encountered problems and practice your confined water teaching. This will involve a briefing, demonstration, problem solving and debriefing. When giving your presentations you will be in charge of a number of "Students" (Instructor Candidates) plus you will have one assistant. You will be expected to brief these "Open Water Students" and conduct your demonstration. The students will then proceed to attempt the assigned skill. Some of these "Students" will be assigned problems, you will be required to recognise these problems, solve or prevent them and debrief afterwards. You will once again be evaluated after each presentation and debriefed afterwards. You will be teaching at least 4 confined presentations.

5. Orientation to Open Water Teaching (Ocean)

This will be conducted the same as the above, however minimal demonstration will be given by you. During the course you will be given a minimum of 4 Diving skills presentations to perform. Further skills from the Advanced and Rescue courses will also get practiced and workshops on Lift bag use, Knots and CESA.

6. Water Skills

Swimming skills such as the 800 meter Snorkel swim form a part of the IDC and practice in these areas will be conducted. A rescue workshop will also be conducted and each candidate will be evaluated on his/her rescue.

7. General

Course Orientation will be conducted at the beginning of the course briefly running through all activities and requirements. IE Orientation will outline times and requirements of the Instructor Examination. Candidate Review. The Course Director will debrief each individual candidate and will either recommend or not recommend you to undertake your IE.

IDC+ Course Detail

Course:	Instructor Development Course <i>Plus</i>
Date:	As per schedule
Duration:	1 Day
Daily Hours:	11:00 am - 5:00 pm
Investment:	\$295.00 <i>[now included with the Pro Dive Cairns IDC]</i>
Deposit:	\$100.00
Location:	Pro Dive Cairns 116 Spence Street, Cairns QLD 4870 Tel: (07) 4031 5255 Alex's Mbl: 0403 621 172
Materials:	You will need to have the following materials prior to your course commencement. <ol style="list-style-type: none">1. PADI Instructor Manual2. PADI Open Water Manual3. Encyclopaedia of Recreational Diving4. Recreational Dive Planner eRDPml and The Table5. Calculator

Course Includes:

- ◆ Registration
- ◆ Introduction
- ◆ Exams: Diving Theory, Systems, Standards & Procedures
- ◆ Diving Theory Review
- ◆ Systems, Standards & Procedures Review

This program is like a “Mock” Instructor exams. You will get to test your theory skills and any questions that were not answered correctly will be explained and reviewed.

This afternoon will certainly prepare you for the IE and will also “iron-out” any questions that you might have without the pressure of a real exam.

Emergency First Response

- Guide to teaching
- Calculator
- RDP's: **eRDPml and Table** version
- Two Pens
- Full set of Dive gear
- Slates, Pencil, Eraser
- PADI manuals, PADI exams (OW, RESC, DM)
- Pocket Mask for rescue scenarios

Instructor specialties (*MSDT prep.*) Fun dives

After the Instructor exams it is time to wind down and there is no better way to relax than to dive with a group of friends and learn some new skills along the way.

During the MSDT course we focus on the fun aspect of the diver training some time is spend in the classroom going over the details of the PADI Specialties.

The team then decides where they would like to go and what specialties they would like to complete. The cost of the course depends on the location and the specialties chosen. Roughly we have 3 locations to complete specialties and 3 package prices.

◆ **Location 1: Diving on the Yongala Shipwreck, specialty options are:**

- ◆ EANX (Nitrox) diver ◆ 1 EANX Instructor
- ◆ 2 Deep Instructor ◆ 3 WRECK instr.
- ◆ 4 Digital Photo Instr. ◆ 5 Oxygen instr.
- ◆ Requests??? (boat diver)

◆ **Location 2: Diving on the Great Barrier Reef, specialty options are:**

- ◆ EANX (Nitrox) diver ◆ 1 EANX Instructor
- ◆ 2 Deep Instructor ◆ 3 Navigation instr.
- ◆ 4 Digital Photo Instr. ◆ 5 Oxygen instr.
- ◆ Requests??? (search and recovery)

◆ **Location 3: Diving at Lake EACHAM on Tablelands, options are:**

- ◆ EANX (Nitrox) diver ◆ 1 EANX Instructor
- ◆ 2 Deep Instructor ◆ 3 Altitude instr.
- ◆ 4 Digital Photo Instr. ◆ 5 Oxygen instr.
- ◆ Requests??? (Dry suit)

The MSDT program includes:

2 x Enriched air Tanks hire, Enriched air Kit, Dive trips, Stay (if required), PADI materials/ Outlines, BBQ Lunch.

Your investment for this program would be between \$925 - \$995

Extras would be: - reef tax, PADI FEES, mooring fee and share transport cost.

This program gives new Instructors the edge that they need to find work in the Dive Industry quickly. The extra qualification counts towards higher professional levels and is a prerequisite for the Staff instructor rating.

The experience gained is valuable and the dives are a good fun time.

Or.....you could just come and do EANX Diver.....for \$ 650 all included.

- ❑ Have their own Diving Equipment incl. **Pocket mask**
- ❑ Have all **PADI materials** requested by PADI
- ❑ Submit **copies** of all Dive Certificates (both sides)

If there are any questions please contact the Course Director.

WHO is your Course Director????

ALEX VAN WELDEREN, your Course Director started diving in 1985. This was in a Dutch lake where the water temperature was a pleasant 12°C. After toying with the idea to become a commercial diver he started underwater welding and general duties at a small dive company. Soon he found diving in 30cm visibility or diving under ice was not as attractive as coral or looking at fish.

In 1989 he completed the PADI instructor course and as luck would have it he was instructed by Ralf Erickson (founder of PADI) himself. "Learn best from the best". After working in the Caribbean he moved to Australia and commenced work at Pro Dive Cairns in 1990. His main role was teaching courses as a multilingual Instructor (English, German and Dutch). With a passion for higher education courses he soon was teaching specialties and dive master courses with his favourite being the under water photo specialty. "A lens, a reef and I am happy".

In 1995 Alex completed the Course Director Training Program and has conveyed his teaching passion on to many candidates so far, with no stopping in sight. "After certifying over 5000 people in all aspects of diving I have only just started".

In 1996, 2000 and in 2003 Alex won the prestigious PADI awards for: "Outstanding Contribution to Instructor Training" In 2005 he flew to ADEX in Bangkok for a nomination. In 2006 he was awarded by PADI as the best Instructor Trainer for the Asia Pacific region.

Because of his popular EFRI and MSDT programs his Continuing Education ratio has elevated him to the highest recognition in Instructor training "PLATINUM COURSE DIRECTOR" in 2007, 2009 and 2010. 2009 saw another award, Winner of the 2009 Instructor Development Award.

"These awards are great and recognition is always fantastic but I will just keep focusing on the job at hand. That's how I got the awards in the first place"

With a high success rate and pleasant teaching style the Candidates enjoy their program and continue their career path. "The IDC Team needs to have fun, as this is what their own classes should be like". "I know that to be successful in this industry you need to be very customer orientated and business driven. My real world experience helps my candidates enormously".

As it is at this point in your diving career that you make your most important decision, invest wisely and do not just book on *any* IDC but book on a "life style" with Alex, make use of his experience and gain valuable information that you will use for many years to come.

Prices are subject to change without notice. Courses may be cancelled at the discretion of Pro Dive Cairns. Cancellation charge will apply for cancellations made within one week of commencement date. All rates are valid to 31st December 19

**For more Information contact your Career Development Course Director:
Alex van Welden on alex@aquatica.com.au**

or: Mbl. 0403 621 172 or National call 1300 897 112 or local call (07) 4040 2050

For more info visit www.aquatica.com.au

Since 2009 it is compulsory to also complete your EFR (First Aid) Instructor rating. On completion of my EFR Instructor course you will also get the current Australian first aid certificate that allows you to work in Australia as a dive instructor. Many of my students have also found that although they did not plan to become an active EFR instructor, they have ended up enjoying great success with this rating.

The reason why the EFRI course is priced separately is because some Dive Masters and Assistant Instructors have already become EFRIs and they will not have to repeat this rating during the IDC.

Emergency First Response

Instructor Course

with: *Alex van Welderen*

Duration : 2 Days (as per schedule)
Time : 9:00 am~5:00 pm
Location : Pro Dive Cairns
116 Spence Street
Cairns QLD 4870
Contact : 0403-621172

The Emergency First Response Instructor Course covers: **First Aid Training**, including **CPR & EAR** training and **Automated External Defibrillator**. Oxygen provider is also possible. This course is a valuable addition to the programs you can offer. It allows you to complete the PADI Rescue Diver Course, PADI leadership Courses or First Aid for the Work place.

The EFR Instructor course is conducted over two days (ex. Self- study) and also covers: First Aid training techniques, Marketing and Practical aspects of the Emergency First Response program.

"Take the next step today and become an Emergency First Response Instructor"

Course Investment: \$ 595.- (includes: Instructor manual & student kit)
